

## You CAN MAKE AN IMPACT WITHOUT EVEN LEAVING YOUR HOME!!!

Have you ever wondered how you can make a difference in the life of a young person right where you live? In July our community will be visited by a group of students from Spain. These students, ages 14 to 17, want to learn about the American way of life, and improve their English speaking skills. They desire to live with, and become a part of an American family as a son or daughter. During their short 4 week stay they will live as a member of the family. They can accompany their new family on vacation, picnics, as well as help with their chores; and the family members in turn may join the student on their activities (NYC, Philadelphia, Six Flags, etc...)

This program is sponsored by the non-profit organization Intercultural Friends Foundation (IFF). IFF was established to promote friendships and understanding of different cultures of young people around the world. The coordinator, Scot King, has been working with this exchange program for the past 21 years. The students will arrive June 27th and leave July 26th. They are well-motivated, English proficient, fully insured and have their own spending money. The basic responsibility of the family is to provide a bed, meals, and lots of TLC, and the opportunity for their student to be a part of the family. Approximately 30 families are needed to briefly share their home, love, and their way of life. If you would like to be a host family, even for just a portion of the time, please give Scot a call and arrangements can be made. With a willing heart, and a little understanding, you will learn about another part of the world, or perhaps just simply make a new friend for life.

American hosts families are given the opportunity to know and understand the differences and similarities between their way of life, and the Spanish culture, ideas, concerns, and beliefs. In a short time, a friendship is often established that will last a lifetime, not to mention the pride that can be taken from having promoted a little slice of international understanding. Students benefit by being afforded the opportunity to know American culture first hand, not what is seen on television or in the movies, but the actual day to day lifestyle of people who truly make America the fascinating place that it is. The family benefits in turn as they are brought together to share their lives, culture and the wonderful aspects of our country.

If you have any interest in sharing your heart and home for a few short weeks, please contact Scot King at (732)892-2571, or you can email him at: [Scot4Camille@gmail.com](mailto:Scot4Camille@gmail.com). Hosting is fun for the entire family as well as an extremely enlightening, and rewarding experience. \*The posting of this flyer for Intercultural Friends Foundation does not imply that this is a district sponsored event.

# WHAT'S THE NEXT BEST THING TO VISITING SPAIN?

*Hosting an international student is a great way to grow in a shrinking world...*

## HOSTING IS FASCINATING!

Discover a unique culture  
Start on a new language  
Learn about different customs  
Participate in fun trips and activities

## IT'S REWARDING!

Build lifetime friendships  
Share America  
Increase your community's international awareness

## STUDENTS ARE PREPARED...

Your student is fully insured and brings sufficient spending money  
IFF provides orientations and 24-hour on call service  
You get support from a trained Coordinator and Overseas Representative

## ALL WE ASK OF YOU...

Allow your student to become part of your family  
Speak English to your student  
Provide a bed, 3 meals a day

Students arrive:

From Spain

6/27-7/26
