Assistant Principal

February 21, 2017

Dear Parents/Guardians:

Below is a list of important testing dates for students in grades six through eight. This list includes the dates for the Partnership for Assessment of Readiness for College and Careers (PARCC) as well as New Jersey Assessment of Skills and Knowledge (NJASK) Science for Grade 8.

Grade 6

- March 29-31, 2017 PARCC English Language Arts
- May 3-5, 2017 PARCC Math
- All testing periods 1-4

Grade 7

- March 29-31, 2017 PARCC English Language Arts
- May 3-5, 2017 PARCC Math
- All testing periods 7-10

Grade 8

- April 5-7, 2017 PARCC English Language Arts
- April 26-28, 2017 PARCC Math/Algebra I
- May 31st, 2017-NJASK8 Science
- All testing periods 3-6

At home, parents can help promote success by reminding children that the difficult part is over. Your children are well prepared for the assessment, and this is a chance to demonstrate how much they have learned. In addition, students should get a full night's sleep to be well rested and have a nutritious breakfast each day.

Another goal is for excellent attendance during the week of testing. Each testing unit should last approximately ninety minutes and students will then resume their regular school day schedule. Additional information regarding the PARCC standardized testing is on the District's website.

Respectfully,

Gary Floyd
Principal
