ACADEMIC ADVANCEMENT REQUIREMENTS

PPBHS is committed to providing students with opportunities to succeed academically at the highest level possible. Although not common, some extraordinary students do not need a full year of a course to attain mastery of the content. These students may be capable of acquiring these skills and knowledge by attending summer classes, working with a tutor or studying independently. Students who choose this option will be provided an opportunity to “challenge” out of a course by demonstrating proficiency in the content. To demonstrate proficiency, the student will need to take the final exam and all benchmark/quarterly assessments and receive a score of 70% or higher on all such assessments. Students who do so will be able to move on to the next sequential course in the given subject matter.

For example, a student who just completed Algebra I may opt to challenge out of Geometry. The student will be provided available resources, such as study guides and a textbook, and will be required to take the Geometry I Final Exam as well as quarterly assessments. If the student scores 70% or higher on all of the assessments they will be enrolled in Algebra II. If a student intends to take *Honors* Algebra II then they must take the *Honors* Geometry Final Exam and quarterly assessments.

Students who wish to challenge out of a course are required to schedule a meeting with their guidance counselor to discuss their intentions. Guidance will then refer the student to the appropriate department supervisor. The supervisor will meet with the student and provide helpful resources such as a course syllabus, textbook, and study guide. The supervisor will give the “*Academic Advancement Form*” to the student that MUST be signed by the parent or guardian. This form will state the parameters for challenging a course and inform the parent that the student is responsible for returning any resources borrowed from the school (i.e. textbook).

It is the student’s responsibility to schedule an appointment with the department supervisor when they are ready to take their exams. It is recommended to contact the department supervisor no later than July 15th as **all exams must be completed by August 15th** to allow time for grading and scheduling.

ARRIVAL TO SCHOOL

Students may enter the building, prior to the start of the school day, via the front entrance or “senior doors,” located on the side of the building, adjacent to the auxiliary gym.

Period 2 begins at 8 a.m. (Period 1 begins at 7:10 a.m.) Students are expected to be in their seats and ready to learn at these times.

School drop-off traffic is heavy in the morning. *It is strongly suggested that students arrive no later than 7:50 a.m. (7:00 a.m. for period 1 students) in order to visit their lockers in the morning and be seated prior to the start of class.*

ATTENDANCE POLICY No. 5200

PARENTS MUST CALL 701-1900 EX. 2244 TO REPORT ALL ABSENCES and LATES TO SCHOOL. (This is NOT FOR SIGN OUTS)

****Failure to report a student absence may result in a truancy and disciplinary action****

Calls are recorded and may be made 24 hours a day. These calls are for absences only, NOT FOR SIGN-OUTS, which must be done in person.

The attendance policy promotes students attending school each day on time. It is crucial that we maximize instructional time in order to provide our students with the best possible opportunity for

successful completion of their educational program. Educational studies have indicated that chronic absenteeism has a direct correlation to the student drop-out rate.

The high school has procedures to maintain communication with students and parents. These may include the following; conferences with students, emails to parents, phone calls to parents, “Honeywell instant alert” notifications, and parent conferences.

****While the high school is committed to notifying parents and students of attendance concerns, the responsibility for maintaining proper attendance lies with the parents and the student. Parents may access Genesis Parent Portal at any time to review their child’s attendance in detail. ****

Important benchmarks of the attendance policy:

- Students are allotted **14 days** for unexcused absences – i.e. parent reports their child is absent; no documentation is required. The parent must call **ext. 2244** to report the absence, or it may be considered a truancy.
- **Students who exceed 14 unexcused absences in a class will be subject to loss of course credit. *(Semester class – exceed 7 absences.)**
- **Students who exceed 20 unexcused “lates to class” will be subject to loss of course credit. *(Semester class- exceed 10 lates.)**

What is the difference between an “unexcused absence” and an “excused absence”?

- **Unexcused absences** are at the discretion of the parent when they believe their child should remain at home. Students are allotted 14 unexcused absences without an impact on course credit. The school is to be notified at ext. 2244 so the student is not marked truant. (ext. 2244 is NOT FOR SIGN OUTS).
 - Family vacations are *unexcused* absences and will accrue within the 14 allotted days. We acknowledge that parents may not have the same vacations as their children. However, we ask that parents please consider carefully when scheduling vacations during the school year, as absences impact the educational process and vacations will accrue within the 14 allotted unexcused absence days.
- **Excused absences** fall under the following reasons and are subject to administrative approval:
 - a. Student illness as documented by a medical or dental note, signed by a physician. **Submit notes to the Main Office immediately upon the students return to school. The school nurse reserves the right to verify the documentation.**
 - b. Death in the family.

- c. College visits for juniors and seniors (2 will be excused; documentation from the college/university is required). Underclass siblings who may attend are not excused. If the **college requires** further visits, documentation is required.
- d. Interviews with an admissions officer of an institution of higher education for juniors and seniors (2 will be excused, documentation is required). If the **admissions office** requires further visits, documentation is required.
- e. Religious observance.
- f. Student suspension from school.
- g. Student required court appearance (documentation is required).
- h. Driver's license test. (Bring documentation to the main office upon returning).
- i. Necessary and unavoidable medical or dental appointments that cannot be scheduled at a time other than the school day. The student should make every effort to return to school. (Documentation is required).
- j. Student is sent home by the school nurse, Mrs. Barry, RN.

❖ **Late to School (is also late to period 2 class):**

Students must be seated in their period 2 class and ready to learn at 8:00 a.m. sharp. (Period 1 students must be seated by 7:10 a.m.) Traffic is very heavy at the school, beginning at 7:45 a.m. Please plan accordingly!

Note: If you drop your child off at 7:55 a.m., there is not enough time for your child to visit their locker and take their seat in the classroom by 8 a.m. We strongly recommended that students be dropped off at the high school no later than 7:50 a.m. (7:00 a.m. for period 1 students)

Students who walk or ride bicycles to school should plan to enter the building by 7:50 a.m. (7 a.m. for period 1 students)

A. Parents are to call ext. 2244 to report their child arriving late to school. This call does not excuse the tardy but informs the school you are aware your child is tardy.

B. Students arriving after 8:50 a.m. must report to the security booth for sign-in. Parents will be contacted for verification if the attendance line was not called prior to arrival.

C. The following may constitute an excused late to school at the discretion of the administration.

- A. Religious observance.
- B. Medical or dental appointments (documentation required).
- C. Court appearance (documentation required).
- D. Take Your Child to Work Day (for a portion of the school day).

❖ **Lates to Class:**

Late students not only miss instruction but also disrupt the learning process for their classmates and the teacher. Timely arrival to class is a priority for all students.

- A. Students who arrive less than 10 minutes to class are late. Discipline is as follows:**
 - a. 4 and 8 lates to class receive an afterschool detention.**

- b. 12 lates receives 2 afterschool detentions
 - c. 16 lates receives a Saturday detention.
 - d. 21 lates or more – loss of course credit
 - e. Students arriving late from lunch will receive discipline as outlined above as well as suspension of out-to-lunch privileges.
 - f. There is no appeal for loss of credit due to lates.
- B. Students who arrive more than 10 minutes late to class will receive an unexcused absence or cut for the class, as per the grade level administrator’s decision.

Definitions:

- **Absence** - A student will not be present for the day.
- **Unexcused absence** – parent calls x2244 to report their child absent. (14 allotted days). (Do not leave a message for a sign-out; they must be done in person).
- **Excused absence** – documentation provided (medical, dental, legal, bereavement, religious).
- **Truancy** – Absence from all or a part of the school day *without the knowledge of the parent*. Discipline assigned. Recorded as a **cut** in missed classes. A truant student may be suspended or expelled for trancies in accordance with Policies Nos. 5610 and 5620.
- **Cut** - A student has been in school but does not attend a particular class(es). (unauthorized). Discipline assigned. Three cuts results in full loss of course credit.
- **Late to Class** - Reporting for class after the beginning of the period, ten minutes or less. Discipline assigned.
- **Late to School** - Entering school after the start of the school day. Missed classes prior to entering school will be recorded as absences. Discipline assigned.

Denial of Curriculum Credit Due to Violation of the Attendance Policy:

1. **Curriculum credit is denied when a student exceeds 14 absences in a class. (7 in a semester course) and/or exceeded 20 lates, (10 in a semester course), WHATEVER THE REASON FOR THE ABSENCE, (excluding religious absences, Take Your Child to Work Day, and suspensions).**
 - a. Exceptions to this rule may be made for pupils whose absences have been marked “excused” (see “excused” absences above) or pupils who have demonstrated through completion of home instruction that they have mastered the proficiencies established for the curriculum of study.
 - b. If a student exceeds the number of absences allowed during a course he/she will be placed in a non-credit status. A student who remains in a class for the remainder of the year, on a loss of credit status, and continues to satisfactorily complete coursework, is eligible for an online credit recovery course at the expense of the parent. A student who does not remain in the class, may enroll in an online full course at the expense of the parent. Information can be found on the High School website, under the Guidance Services tab, “**Educere.**”

Appeal for Denial of Course Credit Due to Violation of Attendance Policy:

1. A student who has been denied curriculum credit for excessive absences may appeal that action in accordance with the following procedures:
 - a. Student or parent contacts the office of the vice principal to schedule an appeal.
 - b. Any pertinent documentation regarding the absences is to be brought to the appeal meeting.
2. If the student/parent is not satisfied with the decision of the appeal he/she may submit a written request to the principal. The principal will notify the student/parent within 7 days of the decision.
3. The student may appeal an adverse decision of the principal to the Superintendent, Board of Education, and the Commissioner of Education, in that order.
4. At the high school level, disruption in the class or absences in excess of thirty (30) days may result in immediate removal from the class and a complete loss of online course eligibility.
5. **If a student has three or more cuts/truancies, the teacher will be notified to withdraw credit. If cuts/ truancies continue, the student may be removed from the class with a loss of online course eligibility.**

ABSENCE – MAKE UP WORK

Students are required to make up the work they missed during an absence as directed below. **Students and parents are to check the Genesis Parent Portal on the school website for missed assignments.**

- a) Make-up work must be completed by the end of the second day of return to school.
- b) If absent two (2) or more consecutive days, one day for each day absent and one additional day to complete missing assignments, quizzes and tests will be allotted.
- c) All work missed because of absence must be completed within five (5) days of the end of the marking period.

Absences due to co-curricular activities, field trips, meetings, etc. are the student's responsibility. Students have prior knowledge of these absences and must request work before the absence and it must be completed the next day after the absence. **It is the teacher's prerogative to determine the amount of time that each student be given to make-up work missed for absences. It should be understood that family vacations, school trips and similar types of absences that are discretionary and/or pre-arranged might be given different consideration than absences caused by illness.**

EXTENDED ABSENCES BY PARENTS

Parents/guardians must contact the main office (ext. 2201) when children are left in the custody of other persons and provide with the names, addresses and home, work and cell telephone numbers of such persons.

ACADEMIC INTEGRITY POLICY

Board of Education Policy Number 5701.1 HIGH SCHOOL ACADEMIC INTEGRITY

The Point Pleasant Board of Education believes that academic honesty and integrity are essential to excellence in education. This policy addresses academic integrity at Point Pleasant High School.

Education is based on learning specific skills, forming lifelong work habits, and developing mature coping skills according to each student's unique abilities. Each student, parent, and staff member

has a responsibility to promote an academic culture that respects and fosters individual achievement.

An Academic Integrity Day will be held in the beginning of the school year. On this day, teachers in English, Social Studies, Science, Math and World Language will explain to students that plagiarism and cheating have no place in their class and how incidents of plagiarism or cheating will be addressed in their specific class. Additionally, all teachers in other subject areas will define what plagiarism and cheating are in the context of their specific class.

Plagiarism/Cheating

Plagiarism or cheating demonstrates a lack of integrity and character that is inconsistent with the goals and values of Point Pleasant Borough High School.

Excellent written expression of well-formulated ideas is a fundamental skill for academic and career success. Plagiarism and cheating interfere with the assessment and feedback process that is necessary in order to promote academic growth. Academic dishonesty provides the teacher with a false view of a student's strengths and weaknesses. It may prevent further instruction in areas of weakness and delay the student in reaching his or her potential.

1. Plagiarism includes, but is not limited to:
 - A. taking someone else's assignment or portion of an assignment and submitting it as one's own;
 - B. submitting material written by someone else or rephrasing the ideas of another without giving the author's name or source;
 - C. presenting the work of tutors, parents, siblings, or friends as one's own;
 - D. using a computer or other means to translate an assignment/homework from one language into another language and submitting it as an original translation.
2. Cheating includes but is not limited to:
 - A. copying, faxing, emailing, or in any way duplicating assignments/homework that are turned in, wholly or in part, as original work;
 - B. exchanging assignments/homework with other students, either handwritten or computer generated, whether it is believed they will be copied or not;
 - C. using any form of memory aid during tests or quizzes without the express permission of the teacher;
 - D. using electronic devices to obtain information for class assignments and/or assessments without having explicit permission from the teacher to do so;

- E. giving or receiving answers during tests or quizzes - it is the student's responsibility to secure his or her papers so other students will not have the opportunity or the temptation to copy;
- F. accessing a test or quiz for the purpose of determining the questions in advance of its administration.

No student needs to plagiarize or cheat. Point Pleasant Borough High School provides numerous support services for students to help them achieve success honorably. Students, who advocate for themselves and seek appropriate help when they need it, will not need to cheat or plagiarize. If any student is found in violation of the Academic Integrity Policy, the following procedures and consequences will be followed.

Violation Categories

1. Homework

Homework assignments are classified as assignments that count toward the homework grading category. Students found to be cheating or plagiarizing on a homework assignment will be given a zero and the teacher will contact the parent/guardian and guidance counselor.

If a student is found to be cheating or plagiarizing on two (2) homework assignments within the same class, the student will be in violation of the Academic Integrity Policy. In addition to the consequences outlined on page three (3), violators of the policy will be subject to grading implications as stated in the Student Handbook. See “Grading Implications for Violations of the Academic Integrity Policy” in the Student Handbook for more information.

2. Major Assignment or Assessment

A major assignment is defined as projects, essays, lab reports or anything else that does not count toward the homework grading category.

An assessment is defined as a quiz, test, midterm, or final.

If a student is found to be cheating or plagiarizing on one major assignment, or on an assessment, the student is in violation of the Academic Integrity Policy. A grade of zero (0) will be given and the teacher or supervisor will contact the parent/guardian. In addition to the consequences stated below, violators of the policy will be subject to grading implications as stated in the Student Handbook. See “**Grading Implications for Violations of the Academic Integrity Policy**” in the Student Handbook for more information.

Violation Consequences

Violations of the Academic Integrity Policy will be cumulative throughout the student's high school career.

1. First Violation

- Students currently enrolled in National Honor Society ("NHS") will be recommended to be removed from NHS pending a formal hearing in front of the Faculty Council.

2. Second Violation

- Students who receive a second violation are ineligible to apply for the NHS and also are ineligible to hold any leadership position within the school (for example, captain, drum major, officer of a club, etc.).
- Any student currently holding a leadership position will be removed after his/her second violation.
 - a. A student who does not receive any subsequent violations within two years of his/her most recent violation will be eligible for consideration of a leadership position at the high school.
 - b. A third violation would prohibit a student from any leadership position at the high school.

Appeal Process

The student involved is required to attend any scheduled appeal hearing being requested by his/her parent/guardian.

1. If the parent does not agree with the decision that his or her son/daughter violated the Academic Integrity Policy as determined by the teacher and subject area supervisor, an appeal can be filed with the building principal.
 - The appeal must be submitted in writing within five (5) calendar days of the meeting held with the teacher, subject area supervisor, student and parent.
 - The principal will schedule a meeting to hear the appeal within five (5) calendar days of receiving the parent request in writing.
 - Upon hearing the parental appeal, the principal will have five (5) calendar days to render his/her decision and notify the parent in writing of said decision.
2. If the decision of the principal is unsatisfactory to the parent, an appeal can be filed with the Superintendent of Schools.
 - The appeal to the Superintendent of Schools must be filed in writing within five (5) calendar days of the principal's decision.
 - The Superintendent will have five (5) calendar days from receipt of the parent's appeal in writing to notify the parent of a meeting date.

- Once the meeting has taken place, the Superintendent will render a decision in writing and transmit it to the parent within five (5) calendar days.
3. If the Superintendent's decision is unsatisfactory to the parent, an appeal can be filed with the Board of Education.
- The appeal to the Board of Education must be submitted in writing within ten (10) calendar days from the date of the Superintendent's decision in writing. The appeal must be submitted to the Superintendent's Office.
 - A hearing before the Board of Education will be scheduled as soon as possible following the receipt of the parent's appeal in writing to the Board of Education.

CYBERBULLING (Policy 5512.02)

A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Cyber-bullying by a pupil in the district directed toward another school district or pupil or school staff member is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe environment. The Board of Education prohibits acts of cyber-bullying by school district pupils through the use of any school district owned, operated, and supervised technologies. The Building Principal or designee may report allegations of cyber bullying to law enforcement authorities.

Cyber-bullying is the use of electronic information and communication devices, to include but not limited to, e-mail messages, instant messaging, text messaging, cellular telephone communications, internet blogs, internet chat rooms, internet postings and defamatory websites that:

1. deliberately threatens, harasses, intimidates an individual or group of individuals; or
2. places an individual in reasonable fear of harm to the individual or damage to the individual's property; or
3. has the effect of substantially disrupting the orderly operation of the school.

Any pupil or school staff member who believes he/she has or is being subjected to cyber-bullying, as well as any person who has reason to believe a pupil or school staff member has knowledge or reason to believe another pupil or school staff member is being subjected or has been subjected to cyber-bullying shall immediately make a report to the Building Principal or designee.

DISCIPLINE

The administration and faculty enforce school rules, which foster mutual respect for students and teachers alike. The goal is to further the development of self-discipline on the part of the students. Students are expected to take responsibility for their own behavior. The following disciplinary actions will be taken based on the infraction:

I. Court Actions:

Children under 16 years are required to attend school (N.J.S.A. 18A: 38-25). Students under 16 years of age who are consistently truant will be referred for court action. Court action will be instituted for other violations such as trespassing, assault, inducing a

person(s) to use narcotic drug(s), smoking, malicious destruction or damage to property, carrying concealed weapons and any other violation of New Jersey Statutes.

II. Detention:

Teachers may assign detention for infraction of school rules. This is served with the teacher at the teacher's discretion and with adequate notice to the student. Administrators may also assign detention. It is held daily from 2:40 to 3:25. In certain instances, Saturday detention may be assigned. Saturday detention is from 8:00 a.m. to 11:00 a.m. Failure to report to detention will result in further disciplinary action. Students who miss Saturday detention will receive a day of out-of-school suspension and will be re-scheduled for the next Saturday detention. Students are required to bring schoolwork to detention. Sleeping, eating, use of cell phones or inappropriate behavior will result in removal from detention and/or suspension from school. Students who arrive late will not be admitted and detention will be reassigned with additional consequences.

III. Community Service:

Community service, if available, may be assigned in lieu of detention or suspension at the discretion of the administration. Community service hours must be completed within the established timeline. Failure to do so will result in suspension.

IV. Suspension and Expulsion:

While the board believes that positive approaches to acceptable behavior are usually more effective, it is sometimes necessary to penalize students for violations of school regulations to ensure the good order of the school and to teach students the consequences of disruptive behavior. Students who indulge in disruptive behavior may be suspended or recommended to the Board of Education for expulsion.

A. Disruptive behavior includes, but is not limited to:

The right to continue the suspension or to expel is reserved to the Board of Education, acting upon the recommendation of the administration.

Students who are suspended are required to make-up all work missed during the suspension. It is the student's responsibility to solicit make-up work from teachers.

A student who is suspended on the day preceding a weekend or holiday and/or the subsequent day following a weekend or holiday shall not be permitted to participate in school-sponsored activities, including interscholastic sports, during that weekend. In certain situations, students may be suspended from school pending a parent conference.

Students who are absent from an exam will be given the opportunity for a make-up exam provided the following is followed:

- Students may not take exams earlier than exam week. If a situation exists (other than illness) where a student will miss exams, the grade level vice-principal must be contacted. If there is just cause and approval granted, make up exams will be administered when the student **returns**.
- Students **may not** rearrange exams to take them at earlier periods during exam week. The only exception is, if a student has three exams in one day, the student may reschedule one exam in conjunction with the teacher.

FIRE FIGHTERS/FIRST AIDERS

Student members of local fire companies/local first aid squads wishing to fulfill their obligations during school hours must present notes from the fire chief/head of the first aid squad and their parents which specifically requires their attendance and which excuses these absences.

SUSPECTED GANG ACTIVITY (POLICY NO. 5615)

Pupils that initiate, advocate, or promote activities, openly or otherwise, and/or threaten the safety or well-being of others disrupt the school environments and are harmful to the educational process in this school district. Any physical or verbal harassing, intimidating, or bullying conduct by a pupil or group of pupils directed toward any school staff member or any other pupil or group of pupils anywhere on school grounds, at any school related or sponsored activity, on school busses, at a school bus stop, and any other place where pupils are supervised by school district staff will not be tolerated.

In the event the Principal or designee, believe any physical or verbal harassing, intimidating, or bullying conduct was, or is being committed for the benefit of, at the direction of, or in association with a group of three or more persons, the school staff will investigate further to determine if the conduct was committed by those pupils representing a gang as defined in N.J.S.A. 2C:44-3.h. If it is determined unacceptable conduct was committed by pupils representing a gang, the Principal or designee will assign appropriate disciplinary action and will notify the parents/guardians of the victim and the offender. The Principal or designee will also inform the Superintendent of Schools and local law enforcement.

To further insure the safety and well-being of all pupils in the district and to increase awareness within the school community regarding potential gang activity, pupils are prohibited from wearing on school grounds, at any school related or sponsored activity, on school buses, and any other place where pupils are supervised by school district staff, any type of clothing or accessory that would indicate a pupil has membership in, or affiliation with, any gang associated with criminal activities pursuant to N.J.S.A. 18A:11-9.

The parents/guardians of any pupil identified as being potentially involved in gang-related activities shall be notified by the Principal or designee. A pupil as identified as being potentially involved in gang-related activities shall be offered appropriate counseling by school district staff.

GRADES

Grades are an appraisal of progress toward established goals and a measure of student achievement. They are not to be modified or altered by disciplinary action except for those students found to be in violation of the Academic Integrity Policy. Such students shall receive a failing grade for the assignment. All incomplete grades must be made up within five (5) days of the end of the marking period.

Grading Scale

A+ = 97-100	B+ = 87-89	C+ = 77-79	D = 65-69
A = 93-96	B = 83-86	C = 73-76	F = 64 and below
A- = 90-92	B- = 80-82	C- = 70-72	

Failing Grade (F)

If a student scores below a 55% in the first or second marking periods, a grade of 55 will be reported. This is done to reduce the “power of the zero” for a student who struggles early in the year, but then shows improvement. We believe we have the responsibility to help every student achieve his or her best result and this is an attempt to give a struggling student an incentive to be able to pass a course for the year even if they have experienced difficulty early on.

Teachers must contact the parents of any student who fails the second and third marking period and who may be in danger of failing for the year. The teacher is to confer with the subject area supervisor to determine if a parent conference is also necessary. In the case of a senior who requires a passing grade in the course to graduate, a parent conference is mandatory.

Should a student fail the last two marking periods, he/she may fail the course for the year regardless of performance during the first two marking periods. The teacher shall consult with the supervisor on this decision. Students must take the final exam unless excused by policy and at the teacher’s discretion.

Grading Implications for Violations of the Academic Integrity Policy

The following consequences reflect violations that occur *within the same class*. The implications below are *in addition to* the consequences listed in the Academic Integrity Policy.

A. First Violation

2. Follow-up meeting between the guidance counselor and student.

The Board of Education shall provide instructional services to an enrolled student whether a general education student or special education student up to age 21, at the student's home or another suitable out-of-school setting such as a hospital or rehabilitation program when the student is confined to the home or another out-of-school setting due to a temporary or chronic health condition or a need for treatment which precludes participation in their usual educational setting, whether general education or special education.

1. To request home instruction due to a temporary or chronic health condition the parent shall submit a request to the school that includes a written determination from the student's physician documenting the projected need for confinement at the student's residence or other treatment setting from 10 consecutive school days or 15 cumulative school days or more during the school year.

The school physician may contact the student's physician to secure additional information concerning the student's diagnosis or need for treatment and shall either verify the need for home instruction or shall provide reasons for denial to the district board of education.
3. The school district shall notify the parent concerning the school physician's verification or reasons for denial within five school days after receipt of the written determination by the student's physician.
4. The school district shall provide instructional services within five school days after receipt of the school physician's verification or, if verification is made prior to the student's confinement, during the first week of the student's confinement to the home or out-of-school setting.

School lockers remain the property of the district even when used by pupils. Lockers are subject to administrative search in the interests of school safety. Lockers will be inspected as need requires and on a regular basis. The Board of Education and the school administration recognize that a locker may be used as a depository for substances or objects that are illegal or that constitute a threat to the health, safety or welfare of the occupants of the school building and as such, a student's locker may be inspected if a school official has reasonable grounds to suspect that a student has violated or is violating the laws of the State or the rules of the school and is depositing substances or objects that are illegal or that constitute a threat to the health, safety or welfare of the occupants of the school.

The Board of Education declares that all lockers are public places and that inspections shall be made at any time, without any reason, cause or notice. In the event that the student population exceeds the number of available lockers, some students may be required to share a locker.

LOST PROPERTY

The school is not responsible for lost or stolen property. **THEFTS OF ELECTRONIC DEVICES WILL BE REFERRED TO THE LOCAL POLICE DEPARTMENT.** All students have an individual locker with a combination lock. **LOCK all items in a locker. Do not share locker combinations as this will leave items unsecured. Do not leave items unattended. Report lost items to the teacher or coach.** The *lost and found* is in the main office.

NATIONAL HONOR SOCIETY

Students with a qualifying GPA have the opportunity to become members of the National Honor Society (NHS) in their junior year. Selections are made by the Faculty Council. Students not selected may reapply in their senior year, providing they still have a qualifying GPA. Applications are made available to students who meet the established academic criteria. In addition, students must demonstrate leadership, character, and service.

Leadership- The student successfully holds school offices or positions of responsibility. Positions outside the school can be considered but do not hold the same level of significance. The student contributes to the civic life of the school through responsibility, initiative, and dependability.

Character- The student complies with school rules. He/she demonstrates the highest standards of honesty, integrity and reliability. (*See Academic Integrity Policy*)

Service- The student is a member of school and community based organizations that require the volunteering of his/her time. Organizations within the school hold more significance than those outside of school.

Students must provide strong evidence of qualification in all categories to be considered for admission. The advisor to NHS is responsible for overseeing the selection process and supervising the activities of the organization. Chapters are not legally or constitutionally obligated to share with parents and students information concerning specific students not selected for membership. The advisor can provide immediate feedback and direction in cases of non-selection. The principal is not a member of the Faculty Council. He/she may listen to the concerns of those not selected. In the unlikely event of a technical or procedural error **only**, the principal may reconvene the Faculty Council. Those wishing to challenge the principal's decision must appeal to the Superintendent of Schools.

OPTION II FOR ALTERNATIVE PHYSICAL EDUCATION (OVERVIEW)

Please be advised that Option II provides students with the opportunity to meet New Jersey Core Curriculum Content Standards in a setting other than the traditional classroom. Participation in activities such as gymnastics, dance, competitive swimming and interscholastic athletics can be used as an alternative to a 45-minute daily physical education class if the student can demonstrate that he or she is learning the standards that would be guiding the instruction developed by the physical education teacher.

If approved for Option II Alternative Physical Education, the student will receive a copy of the New Jersey Core Curriculum Content Standards for Health and Physical Education. He/She should review Standard 2.1 Wellness, Standard 2.2 Integrated Skills, Standard 2.5 Motor Skill Development and Standard 2.6 Fitness. In order to grant credit under Option II, the Point Pleasant Borough School District requires the student to a) answer guided journal questions related to health and physical education based on their out-of-school activity or interscholastic sport b) create a portfolio, or c) design a project, where he/she documents the ways in which he/she is learning these standards. All students applying for an Option II Physical Education Program off campus (i.e. outside dance studios, travel soccer, all-star cheerleading) must complete a log of hours he/she participated in his/her activity and must have his/her coach/instructor verifying the participation hours. The Point Pleasant Borough High School Physical Education Teachers will provide the student with more information following approval of the request.

In addition, NJ State Statute 18A: 35-5, 7 and 8 requires 150 minutes of participation in physical education weekly. The PPBSD requires that the student must have the coach/instructor verify that the student was present for at least 150 minutes over a 3 day period each week.

Once approved, students are responsible for keeping track of hours and presenting documentation of their progress towards meeting the standards to their assigned Physical Education Teacher every two weeks. All forms must be turned in by the specified dates (see marking period calendar). A mid marking period check will be administered and an interim report will be given. The established protocol and specific forms are expected to be adhered to. Students are responsible for meeting the minimum of 150 minute per week requirement over at least a 3-day period, documenting physical activity on the **LOG FORM** as well as explaining the link to the Content Standards in their **ASSIGNMENT**. Students will receive a grade of "P" or "F" at the end of each quarter as well as mid-marking period progress. 100% compliance is required in order to receive a passing grade for the marking period. *Any late assignments during the marking period may result in failure for the marking period.*

In case of injury, sickness or the inability to participate in any physical activity, a doctor's note will be required and must be presented to the High School's nurse's office in order for the student to be excused. Parental notes for illness will not be accepted to excuse students from their activity.

Student Responsibility

Students are responsible for obtaining a signature every two weeks from their coach or advisor. This signature will verify the time requirement. The assigned Physical Education teacher will also sign the log to verify that your journal entries reflect completion of the New Jersey Core Curriculum Content Standards.

Parent/guardian and students have sole responsibility for student learning, academic progress, liability, and submitting the proper documentation on the dates required. LOGS and JOURNALS/PORTFOLIO/PROJECT are expected to be handed to your assigned Physical Education teacher. *Any documentation that has been forged, plagiarized, or cannot be verified by the coach or advisor will result in a "F" for the marking period.*

Copying journal entries is considered a violation of the **Academic Integrity Policy** and is therefore prohibited. Students will receive a warning for a first violation of the policy and will have to rewrite the journal entries. A call home to the student's parents will be made by the Physical Education Teacher to inform the parent of the violation. If a second violation occurs, the Physical Education Teacher will arrange for a meeting with a building administrator, the student, and parents/guardians of the student. *A 2nd violation may result in failure for the marking period.*

Student grading will be similar to the process used when students have a medical excuse for part of the year.

- Students who take Option II for a full year will receive either a "P" or "F."
- Students who participate in the Option II program for one or two marking periods will be graded as such:
 - a. One marking period of Option II and two marking periods of regular Physical Education class will result in a numerical grade (%) for the year.
 - b. Two marking periods of Option II and one marking period of regular Physical Education class, in addition to the student's health class will result in a numerical grade (%) for the year.
 - c. Three marking periods of Option II and one marking period of Health will result in an Option II grade for the year ("P" or "F").

10. A student who is injured and unable to participate in their approved Option II Physical Education Program **MUST** inform the Supervisor of Health and Physical Education immediately.
11. Failure to provide the student’s Physical Education Teacher any of the above completed information (verification of hours, student evidence of meeting or exceeding the NJCCCS) on the last day of the marking period will result in a grade of (F) for the marking period.

SCHEDULES

Student schedules will be distributed on the first day of school during homeroom. The procedure for changing **ERRORS** in a schedule (i.e. missing courses or incorrect courses) will be announced in homeroom on the first day.

SCHEDULE CHANGES

The master schedule is built upon careful and deliberate on-time course selections made by students. During the course selection process, every effort should be made by students and parents to insure that the selected courses are appropriate for the students. Therefore there should be little need for change in a student's program. ***However, if a change is imperative, it is important to understand that a change may not be possible if it adversely affects appropriate class size. If a change is made, the student will be responsible to make up all previously assigned work and grades may follow if the student makes a level change.***

Please be aware of the schedule change deadlines below:

Changes to a higher level course must be made by **September 26, 2017** (within the first 15 days of school).

The deadline to change to a lower level course is **November 13, 2017** (the first day of the second marking period).

The deadline to add a new (non-level change) second semester course is **February 20, 2018** (15 days after the start of the third marking period – may change due to snow days).

If a course is dropped prior to the end of the first marking period, the course will be expunged (i.e. no record on the transcript). If the course is dropped after November 5, 2014, the transcript will indicate a W (withdrawn).

Lockers, desks, and personal items therein may be searched when there is reasonable suspicion that they contain articles that are dangerous, illegal, or stolen or that it contains evidence that the student code of conduct has been violated. Vehicles parked on school property are subject to routine patrol and potential search. The use of dogs trained in detecting the presence of drugs may be used to patrol the school facilities and grounds including but not limited to the locker and parking areas. Use of dogs may, but will not necessarily be, unannounced and random. If a trained canine alerts to a particular vehicle, locker or container, it shall create reasonable suspicion to search that vehicle, locker or container.

SUBSTANCE ABUSE - POLICY 5530

The Board of Education recognizes that a pupil’s abuse of harmful substances seriously impedes that pupil’s education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take the necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances. Accordingly, the Board will establish and maintain a comprehensive substance abuse intervention, prevention, and treatment referral program in the schools of this district.

Definitions N.J.S.A. 18A:40A-9. N.J.A.C. 6A:16-1.3; 6A:16-4.1

A. Discipline

Any violation of Board rules prohibiting the use, possession and/or distribution of a substance is a serious offense, and the pupil who violates a substance abuse rule will be disciplined accordingly. Repeated violations are more severe offenses and warrant stricter disciplinary measures. Pupils who violate the substance abuse rules will be disciplined as follows:

Disciplinary Action for First Offense:

1. Local police notified and informed of the violation.
2. The pupil(s) will be taken to their family doctor, school doctor or emergency room of the nearest hospital for examination, to determine whether or not they are under the influence of alcohol and/or other drugs.
3. The pupil(s), once determined as being under the influence and/or in possession, will be suspended from school for up to ten (10) days. Eligibility to return to school will be determined by Board policy.
4. The pupil(s), once returned to school will be evaluated by the school's Student Assistance Counselor (SAC) to determine the nature and extent of their involvement with alcohol and/or other drugs.
5. Extra-curricular Activities (sports, plays, clubs, etc.) -- Any pupil who violates the school's Alcohol/Drug policy and participates in extra-curricular activities will be removed from the activity (team, play, club, etc.) for a minimum of fourteen (14) calendar days.
6. Out to Lunch – this privilege will be revoked for a minimum of fourteen (14) calendar days.
7. Senior Parking Privilege – will be revoked for the remainder of the school year, if applicable.

Disciplinary Action for Second Offense During the Same School Year or for Failure to Comply with a Mandated Referral Program.

For a second offense committed during the same school year, or for failure to comply with a mandated referral program pursuant to N.J.S.A. 18A:40A-12, the Board of Education may conduct an expulsion hearing.

1. If it is determined that the pupil has violated the school's alcohol and drug policy for a second time during the school year, the Board shall impose sanctions which may include expulsion from the Point Pleasant School District with the right to re-apply for admission, provided the pupil complies with conditions imposed by the Board, including a treatment program recommended by the Student Assistance Counselor (SAC) or, with the consent of the pupil and parents, the expulsion hearing may be continued subject to certain conditions which shall include a long-term suspension and compliance with a treatment program recommended by the Student Assistance Counselor, with the right of the Board to proceed with the hearing upon the pupil's failure to comply with all conditions imposed. Upon re-admission of the pupil or termination of the suspension based upon compliance with the conditions imposed by the Board, it is understood that any further violation of the alcohol/drug policy, or serious disciplinary infraction, will result in expulsion from the Point Pleasant School District without conditions or the opportunity for readmission.
2. Students who have violated the school's alcohol/drug policy and who shall have been referred to an appropriate program pursuant to N.J.S.A. 18A:40A-12 and shall fail to comply with the recommendations of the SAC shall be subject to the same disciplinary action as set forth above.
3. Students who transfer to another school district or who drop out of school rather than comply with the school's alcohol/drug policy will not be allowed to re-enter the Point Pleasant School District for any educational offerings within the district.
4. Students who have violated this policy for a second time during the same school year, will be ineligible for all extra-curricular events, activities, athletics, and clubs for the remainder of the school year.
5. Students who have violated this policy for a second time during the same school year will have their out-to-lunch privileges revoked for the remainder of the school year.

B. Reporting and Examination of Pupils Under the Influence of Anabolic Steroids

1. Whenever any teaching staff member, certified or non-certified nurse or other educational personnel have reason to believe that a pupil has used or may be using anabolic steroids that person must report the matter as soon as possible to the Principal/designee and the school nurse or the school physician or the SAC.
2. The Principal or designee, in response to every report, shall immediately notify the pupil's parent(s)/legal guardian(s) and the Superintendent.
3. The Principal shall arrange for the immediate examination of the pupil by a physician selected by the parent(s)/legal guardian(s). If the physician selected by the parent is not available to perform the examination, the examination will be conducted by the school physician or another physician identified by the Principal. An examination conducted, at parental request, by a physician other than the school physician or another physician as identified by the Principal shall not be at the district's expense.
4. The pupil shall be examined as soon as possible for the purpose of determining whether the pupil has been using anabolic steroids.

5. The Superintendent/designee may, but need not, disclose to law enforcement authorities the identity of a pupil suspected or have used or who may be using anabolic steroids. The Superintendent shall disclose to law enforcement authorities the identity of a pupil reasonably believed to be in possession of anabolic steroids or related paraphernalia or a pupil reasonably believed to be involved or implicated in distribution activities involving anabolic steroids.
6. A written report of the examination of the pupil shall be furnished by the examining physician to the pupil's parent(s)/legal guardian(s), the Principal, and to the Superintendent.
7. If it is determined that the pupil has used anabolic steroids, an individual who holds the Educational Services Certificate with the substance awareness coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds either the school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker or student personnel services endorsement on the Educational Services Certificate and is trained to assess alcohol and other drug abuse shall interview the pupil and others, as necessary, for the purpose of determining the extent of the pupil's involvement with and use of anabolic steroids and the possible need for referral for treatment. To make this determination, the school staff member(s) identified above may conduct a reasonable investigation, which may include interviews with the pupil's teachers and parents and consultation with experts in pupil alcohol or other drug abuse, as may be appropriate and necessary.
8. If the results of a referral for evaluation have positively determined that the pupil's use of anabolic steroids represents a danger to the pupil's health and well-being, the school staff member(s) identified in 7. above shall initiate a referral for treatment to appropriate community agencies as defined in N.J.A.C. 6A:16-4.1(b), to out-of-State agencies licensed by the appropriate State regulatory agency for alcohol and other drug services, or to private practitioners certified by appropriate drug and alcohol licensing board.

C. Evaluation and Treatment of Pupils Under the Influence of a Substance Other Than Anabolic Steroids

1. Any educational staff member or other professional to whom it appears that a pupil may be currently under the influence of alcohol or other drugs on school grounds, including on a school bus or at a school-sponsored function, shall report the matter as soon as possible to the Principal/designee and the school nurse, the school physician, or the SAC pursuant to N.J.S.A. 18A:40A-12.
2. The Principal/designee, in response to every report, shall immediately notify the pupil's parent(s)/legal guardian(s) and the Superintendent/ designee.
3. The Superintendent/designee may, but need not, disclose to law enforcement authorities the identity of a pupil suspected to be under the influence of alcohol or other drugs. The Superintendent shall disclose to law enforcement authorities the identity of a pupil reasonably believed to be in possession of a controlled dangerous substance or related paraphernalia or a pupil reasonably believed to be involved or implicated in distribution activities regarding controlled dangerous substances.
4. The Principal/designee, in response to every report, must arrange for an immediate medical examination of the pupil for the purposes of providing appropriate health care for the pupil and for determining whether the pupil is under the influence of alcohol, or other drugs, other than anabolic steroids. The medical examination shall be performed by a physician that is selected by the parent(s)/legal guardian(s). If the parent's/legal guardian's physician is not immediately available, the medical examination shall be conducted by the school physician. If neither the parent's/legal

guardian's physician nor the school physician is immediately available, the pupil shall be taken to the emergency room of the nearest hospital for examination. The pupil shall be accompanied by the pupil's parent(s)/legal guardian(s) if available and by a member of the school staff appointed by the Principal. Parental/legal guardian permission is not required for the school's physician or emergency room examination. The parent(s)/legal guardian(s) may, but is not required to accompany the pupil to the school physician and/or emergency room. The Principal and/or designee will supervise the pupil while the pupil is waiting for the parent(s)/legal guardian(s) to take the pupil to the physician selected by the parent, or waiting for and receiving the examination by the school physician or in the emergency room. An examination conducted by a physician selected by the parent(s)/legal guardian(s) shall be at the expense of the parent and shall not be at the expense of the school district. An examination conducted by the school physician or by a physician at the emergency room of the nearest hospital shall be at the expense of the school district.

5. A written report of the examination of the pupil shall be furnished by the examining physician to the pupil's parent(s)/legal guardian(s), the Principal, and to the Superintendent within twenty-four hours of the referral of the pupil for suspected drug or alcohol use. The findings of the report shall verify whether the pupil's alcohol or other drug use interferes with his or her physical and mental ability to perform in school.

6. When the medical examination is performed by a physician other than the school physician or at the emergency room of the nearest hospital, the parent is required to verify within twenty-four hours of the notification that the pupil is suspected of alcohol or other drug use that the medical examination in accordance with this Policy was performed. The verification shall include, at a minimum, the printed name, address and phone number, date and time of the medical examination, signature of the examining physician and the date by which the written report of the examination will be provided.

7. If the written report of the examination is not submitted to the parent, Principal or Superintendent within twenty-four hours of the referral of the pupil, the pupil will be allowed to return to school until such time a positive determination of alcohol or other drug use is received from the physician.

8. If the written report of the medical examination verifies that alcohol or other drugs do not interfere with the pupil's physical and mental ability to perform in school, the pupil will be immediately returned to school.

9. If there is a positive determination from the medical examination, indicating the pupil's alcohol or other drug use interferes with his or her physical or mental ability to perform in school the pupil will be returned to the parent's care as soon as possible. Attendance at school will not resume until a written report has been submitted to the parent(s)/legal guardian(s), Principal and Superintendent from the physician who has examined the pupil to determine whether alcohol or other drug use interferes with his or her physical or mental ability to perform in school.

The report must verify the pupil's alcohol or other drug use no longer interferes with the pupil's physical and mental ability to perform in school. Removal of a pupil with a disability shall be made in accordance with N.J.A.C. 6A:14.

10. Refusal or failure by a parent/legal guardian to comply with the provisions of N.J.S.A. 18A:40A-12 and N.J.A.C. 6A:16-4.3 shall be treated as a policy violation of the Compulsory Education Act pursuant to N.J.S.A. 18A:38-25 and 18A:38-31, and child neglect laws pursuant to N.J.S.A. 9:6-1 et seq., and N.J.A.C. 6A:16-11. Refusal or failure of a pupil to comply with N.J.S.A. 18A:40A-12 and N.J.A.C. 6A:16-4.3 shall be treated by the school district as a policy violation and handled in accordance with N.J.A.C. 6A:16-4.1(c)2.

11. While the pupil is at home because of the medical examination or after the pupil returns to school, the Principal or Superintendent may recommend or require alcohol and other drug assessment of the pupil or evaluation by appropriately certified or licensed professionals to make a positive determination of a pupil's need for programs and services which extend beyond the general school program, as necessary. The findings of these additional evaluations alone shall not be used to prevent a pupil from attending school.

12. If at any time it is determined a pupil's use of substances presents a danger to the pupil's health and well-being, an individual who holds the Educational Services Certificate with the substance awareness coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds either the school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker or student personnel services endorsement on the Educational Services Certificate and is trained in alcohol and other drug abuse treatment referral shall initiate a referral for substance abuse treatment.

VACATIONS - PUPIL

Absences due to vacation are not excused and will count toward the allotted 14 days. We acknowledge that parents may not have the same vacations as their children. However, the practice of student absences from school for family vacations is strongly discouraged. We ask that parents please consider carefully when scheduling vacations during the school year, as absences adversely affect the educational process and vacations will accrue within the 14 allotted unexcused absence days.

VIOLENCE AND VANDALISM

The student and/or students, once determined as committing an act of violence or vandalism, may be suspended from school for ten days or as such time it is determined that he/she is not a threat to self or others. An act of violence is a physically aggressive act toward another person. Vandalism is willful destruction or defacement of property. Any student who vandalizes school property will be responsible for all costs of repairs. If it is determined that the action may be considered an assault, charges may be filed against the individual(s).

VOCATIONAL TECHNICAL SCHOOL

Students are required to use the transportation provided by the district to and from vocational schools. Students must maintain proper behavior and safety protocols at all times while on the school bus. Failure to do so could result in loss of transportation to and from vocational school for a period of time to be determined by the school administration as well as additional disciplinary action. **Use of private vehicles to drive or be driven to and from vocational schools is prohibited unless special permission is FIRST obtained from the vocational school and then approved by the high school principal.**
