PARCC Testing Accommodations Schedule

In order to receive special testing accommodations, such as extended time as per your student's IEP or 504, your student will follow the testing schedule listed below. Extended time is allowed up until the end of the school day, but students typically use an additional 50% of the testing time or less. If students do not need the additional time, they may leave the test at the conclusion of the regular testing time, while remaining students continue to work as long as needed up until the end of the school day. If they continue to work up until the last lunch period, they will be allowed to break for lunch and return to the test for the remaining time in the school day. If you have any questions about this schedule, please contact Guidance Services to speak with your student's counselor.
