

3322 STAFF MEMBER'S USE OF CELLULAR TELEPHONES

The Point Pleasant Board of Education recognizes a teaching staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the teaching staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the teaching staff member may do so provided the communication is made during the teaching staff member's duty free lunch or break periods and/or preparation periods for teaching staff and is made outside the presence of students either in an area inside or outside the school building designated by the teaching staff member's Principal or immediate supervisor.

A teaching staff member's personal cellular telephone or other personal communication device shall be secured by the teaching staff member and outside the view of others when the teaching staff member is performing assigned school district responsibilities.

An electronic communication by a teaching staff member on a non-school related, personal matter using a personal cellular telephone or other personal communication device shall not be made while the teaching staff member is performing assigned school district responsibilities.

In the event the teaching staff member has an emergency requiring immediate attention that requires such a communication while performing assigned school district responsibilities, the teaching staff member shall inform their Principal or immediate supervisor before or immediately after the communication, depending on the nature of the emergency. The Board of Education is not responsible if a teaching staff member's personal cellular telephone or other communication device is lost, stolen, or missing.

Staff members may not directly contact pupils via telephone, text message or other means of communication. All telephone communication with pupils must be made through the pupils' parents. The exception would be if a student participates in extra-curricular activities, and the district's Communication Consent Form has been signed by a parent.
