## 9100 PUBLIC RELATIONS

The Board of Education believes that school district public relations is not solely an information program, but encompasses all aspects of the schools' relationship with the total community.

The Board of Education believes its school-community communications program should:

1. Promote public interest and participation in the operation of the school;
2. Gather information about public attitudes toward the school system and its programs and report them to the Superintendent and the Board;
3. Provide an honest, continuous, comprehensive flow of information about the policies, procedures, programs, problems and progress of the school system to the community and the staff;
4. Develop the most effective means of communication with the school system's public and use available media as appropriate;
5. Develop programs in the schools that will integrate home, school, and community in meeting the needs of district pupils;
6. Develop and maintain the confidence of the community in the school Board and the school staff;
7. Develop a climate that attracts good teachers and encourages staff to strive for excellence in the educational program;
8. Anticipate and forestall problems that are brought about by lack of understanding; and
9. Evaluate past procedures in order to make improvements in future communications.

The Superintendent shall be responsible for developing programs, techniques and channels for implementing this policy.

Adopted: May 26, 2009

## 9120 PUBLIC RELATIONS PROGRAM

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special release; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the pupils and staff of the district shall be approved by the Superintendent of Schools or designee.

The school district will not release or publish photographs or release other personal identifying information of an individual district pupil without the prior written permission of the parent(s) or legal guardian(s) or from the adult pupil. Written permission slips for such release from each parent(s) or legal guardian(s) or adult pupil will be obtained by the Principal or designee for the pupils in their school building or by the Program Administrator for pupils in programs where a Principal is not assigned. These written permission forms shall be maintained by the Principal or Program Administrator. Group photographs may be released by the district without permission, but in no event will an individual pupil in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s) or adult pupil.

The Superintendent of Schools shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the schools. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a district newsletter, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a pupil handbook, as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for understanding.

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available and appropriate, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of the Board of Education within ninety days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening schools and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

Public Relations Program

The Board of Education will establish annually prior to budget preparation, a maximum dollar limit for public relation, as defined in N.J.A.C. 6A:23A-9.3(c)14. In the event it becomes necessary to exceed the established maximum dollar limit for public relations, the Superintendent of Schools shall recommend to the Board of Education an increase in the maximum dollar amount for public. Any increase in the maximum dollar amount shall require formal Board action.

## 9130 PUBLIC COMPLAINTS AND GRIEVANCES

Any person or group having a legitimate interest in the schools of this district may present a request, suggestion, or complaint concerning district personnel, the educational program, instructional or resource materials, or the operations of the district. The Board directs the establishment of procedures for the hearing and settlement of requests and complaints that provide a means for resolving them fairly and impartially, permit appropriate redress, and protect district personnel from unnecessary harassment.

When a Board member is confronted with an issue, he/she will withhold comment, commitment and/or opinion and refer the complaint or inquiry to the Superintendent, who shall review the complaint according to established procedures.

Only in those cases where satisfactory adjustment cannot be made by the Superintendent and the staff shall communications and complaints be referred to the Board for resolution.

Any misunderstandings or disputes between the public and school district staff should, whenever possible, be settled by direct, informal discussions among the interested parties. It is only when such informal meetings fail to resolve differences that more formal procedures shall be employed. A complaint about a school program or personnel should be addressed to the Building Principal; a complaint about instructional or resource materials should be addressed to the Superintendent.

The Superintendent shall establish procedures for the hearing of requests and complaints regarding district personnel, the educational program, instructional and resource materials, and the operation of the school district. Procedures will be governed by the following guidelines:

1. The matter will be resolved initially, wherever possible, by informal discussions between or among the interested parties.
2. A matter that cannot be resolved informally may be appealed at successive levels of authority, up to and including the Board of Education.
3. The complaint and its immediate resolution will be reduced to writing at the first and at each successive level of appeal.
4. A reasonable period of time, not to exceed five working days, will be permitted for the filing of an appeal in writing at each successive level. A decision at each level of appeal must be rendered in writing no later than seven working days after the appeal is filed, except that the Board shall have forty-five calendar days to make its decision.

5. In the case of complaints about instructional or resource materials, the initial complaint must set forth in writing the author, title, and publisher of the materials as well as those specific portions of the material or the work to which objection is taken; the complainant's familiarity with the work; the reasons for the objection; and the use of the work in the schools. The Superintendent shall appoint a committee of professional staff members and community representatives to review the challenged material against the standards for the selection of resource materials established by Board policy. The committee will report its findings to the Board. No challenged material may be removed from the curriculum or from a collection of resource materials except by action of the Board of Education, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.
6. A complainant shall be notified that a decision of the Board may be appealed to the Commissioner of Education.

## Matters Regarding a Teaching Staff Member

**First Level.** If it is a matter specifically directed toward a teaching staff member, the matter must be addressed, initially, to the concerned staff member who shall discuss it promptly with the complainant and make every effort to provide a reasoned explanation or take appropriate action within his/her authority and district rules and regulations. As appropriate, the staff member shall report the matter, and whatever action may have been taken, to the Building Principal.

**Second Level.** If the matter cannot be satisfactorily resolved at the first level, it shall be discussed by the complainant with the Building Principal.

**Third Level.** If a satisfactory solution is not achieved by discussion with the Building Principal, a written request for a conference shall be submitted to the Superintendent with a copy to the Board. This request should include:

- a. The specific nature of the complaint and a brief statement of the facts giving rise to it;
- b. The respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;

- c. The action which the complainant wishes taken and the reasons why it is felt that such action be taken; and
- d. Should the matter be resolved in conference with the Superintendent, the Board shall be advised of the resolution.

Fourth Level. Should the matter still not be resolved, or if it is one beyond the Superintendent's authority and requires a Board decision or action, the complainant shall request in writing a hearing by the Board.

#### Matters Regarding an Administrative Staff Member

In the case of a complaint directed toward an administrative staff member, the general procedure specified above shall be followed. The complaint shall be followed. The complaint shall be discussed initially, with the person toward whom it is directed and if a satisfactory resolution is not achieved at this level, the matter shall be brought, as required, to higher levels terminating with the Board.

#### Matters Regarding a Non-Instructional Staff Member

In the case of a complaint directed toward a non-instructional staff member, the complaint is to be directed initially, toward the person's superior and the matter then brought, as required, to higher levels in the manner prescribed above.

#### Matters Regarding a Program or Operation

If the request, suggestion, complaint, or grievance relates to a matter of district or school policy, procedure, program, or operation, it should be addressed, initially, to the Building Principal or the head of the non-professional department who is most directly concerned and then brought, in turn, to higher levels of authority in the manner prescribed above.

#### Complaints Regarding Instructional Materials

It is recognized that opinions may differ on the appropriateness of any given instructional materials and equipment. Occasionally an individual or group may find instructional materials used in the schools which conflict with their views. Any resident of this district shall have the right to present a request, suggestion, or complaint in reference to the physical plant, playgrounds, subject matter, or instructional materials.

The Superintendent shall develop procedures to give careful consideration to such requests, suggestions or complaints. These procedures must provide that:

1. All such requests, suggestions or complaints be in writing;
2. Whenever possible the process be initiated and solved at the lowest effective level;
3. District response be courteous and prompt; and
4. Successive steps of appeal and mechanisms for review are available when necessary.

The use of challenged materials or equipment by class or school shall not be restricted until a final decision has been reached.

The final decision on controversial reading matter shall rest with the Board after careful examination and discussion of the book or reading matter with school officials or others the Board may wish to involve.

Adopted: May 26, 2009

## 9140 CITIZENS ADVISORY COMMITTEES

The success of the school system depends, to a large extent, on open channels of communication between the school community and the community at large. Citizens advisory committees are particularly useful in keeping the Board of Education and the administration informed with regard to community opinion and in representing the community in the study of specific school problems.

The Board may establish advisory committees as standing committees to serve in a liaison function between the local community and the schools, as permanent committees for funded programs as the law requires, and as the need arises.

In creating a new advisory committee, the Board shall appoint members of the community who are able and interested in the subject and concerned about the schools; appoint members who represent a wide range of community interests and backgrounds; appoint a chairperson; and appoint one or more Board members to serve as ex officio members.

In charging a new advisory committee, the Board shall define the committee assignment in writing, set a date for a preliminary and final report, and establish a budget. Expenditures of district funds by advisory committees shall be made only upon the approval of the Superintendent.

Recommendations of an advisory committee shall not reduce the responsibility of the Board, which may accept or reject recommendations in the exercise of its statutory discretion.

Meetings of an advisory committee that are open to or attended by fewer than a majority of the members of the Board are not subject to the Open Public Meetings Act and need not be open to the public, except as expressly permitted by the Board.

## 9150 SCHOOL VISITORS

The Board of Education welcomes visits to school by parent(s) or legal guardian(s), Board members, other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, the Superintendent shall devise regulations controlling visitors.

All visitors shall be required to report to the Principal's office upon entering the building.

A "visitor" is anyone other than a pupil enrolled in or a staff member employed in the particular school. Visitors may not consult with the teaching staff or pupils during class time without the Principal's permission. Visitors, other than parent(s) or legal guardian(s) and staff members must not only register with the Building Principal, but provide a statement of reasons for the visit.

No one may visit the school during school hours for the purpose of recommending or exhibiting books, maps, etc., to staff. No person shall be allowed to deliver any address or lecture on any subject unless authorized by the Superintendent or designee.

All visitors to the schools must obey regulations limiting smoking and any other regulations designed to ensure orderly operation of the school. All persons violating this policy shall be considered "disorderly persons" and subject to appropriate action.

### 9160 PUBLIC ATTENDANCE AT SCHOOL EVENTS

The Board of Education welcomes the attendance of members of the community at athletic and other public events held by the schools in the district, but the Board also acknowledges its duty to maintain order and preserve the facilities of the district during the conduct of such events.

The Board holds the legal authority to bar the attendance of any person at a school event whose conduct may constitute a disruption. In compliance with law, the Board directs that no alcoholic beverage be consumed at any function sponsored by the district, nor any betting occur on school premises.

Adopted: May 26, 2009

## 9161 CROWD CONTROL

The Board of Education believes in order to achieve its goals for interscholastic competition, the student body and the general public attending an interscholastic event conduct themselves in such a manner as to make a positive contribution toward the educational objectives of this district.

The Board directs the Superintendent to prepare regulations for pupil and public behavior at interscholastic events and to publicly post such regulations and to devise procedures for the control of crowds.

The Board authorizes school officials to have expelled from any district event by the law enforcement officers on duty, any spectator who willfully violates the rules and regulations of the district or whose behavior jeopardizes the safe conduct of the event. Further, any spectator involved in continual violations of the rules and regulations shall be prohibited from attending further school events.

Adopted: May 26, 2009

## 9181 VOLUNTEER ATHLETIC COACHES

The Board of Education recognizes the services of volunteer coaches bring unique skills to the district, enrich the athletic program, assist district's coaching staff members in the performance of their duties, and enhance the relationship between the school district and the community. The Board directs a program for the utilization of volunteer athletic coaches in grades six through twelve.

The Athletic Director, in consultation with the Head Coaches, will be responsible for the screening of volunteer coaches and their assignment. The district is not obligated to utilize the proffered services of a volunteer coach whose abilities or interests do not serve the needs of the school district as determined by the Superintendent. Coaching volunteers must be persons of known character, responsibility, and integrity. Prior to the recommendation of the Superintendent and subsequent approval of the Board of Education, the High School Principal/Middle School Principal will have interviewed and determined that the volunteer coach will serve the best interest of the student athletes of the Point Pleasant School District.

The following guidelines shall govern the service of a volunteer athletic coach:

1. Volunteer athletic coaches may serve only under the direction and immediate supervision of a head and/or assistant coach employed by the Board;
2. Volunteer athletic coaches must clearly understand their duties and responsibilities and perform no services outside those duties;
3. Volunteer athletic coaches serve only in a support capacity and only head or assistant coaches employed by the Board are responsible for the supervision and instruction provided to pupils participating in the athletic program;
4. Volunteer athletic coaches shall respect the individuality, dignity and worth of each pupil;
5. Volunteer athletic coaches are not permitted access to pupil records;
6. Volunteer athletic coaches must exercise discretion in disclosing any confidential pupil matters the coach becomes aware of as a result of their volunteer responsibilities;

9. Volunteer athletic coaches, may be immediately relieved of their volunteer responsibilities, with or without cause, by the Superintendent with such action to be recommended to the Board by the Superintendent at the next Board Meeting following relief of duties.

Each volunteer athletic coach will be given a copy of this policy.

## 9190 COMMUNITY ORGANIZATIONS

The Board of Education respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations and other community groups that enrich the educational potential of the community.

The Board directs the Superintendent to be alert to the opportunities for an educational program expanded and enriched by utilization, both within and without the school district, of a diversity of community resources.

The Superintendent shall direct each Building Principal to establish and maintain a file of community resources and invite the appropriate participation of community organizations and resource persons in the instructional program. The Superintendent shall determine those schools, instructional programs, and/or district operations that would profit by the involvement of community resources.

Adopted: July 13, 2009

## 9200 COOPERATION BETWEEN PARENTS AND SCHOOL

The Board believes that the education of children is a joint responsibility, one it shares with the parent(s) or legal guardian(s) of the school community. To insure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

The Board feels that it is the parent(s) or legal guardian(s) who have the ultimate responsibility for their children's in-school behavior. During school hours, the Board through its designated administrators acts in loco parentis or in place of the parent(s) or legal guardian(s).

The Board directs that the following activities be implemented to encourage parent-school cooperation through:

1. Parent/teacher conferences to permit two-way communication between home and school;
2. Open house in district schools to provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and sample the program on a first hand basis. Each school in the district shall hold an open house at least annually;
3. Meetings of parent(s) or legal guardian(s) and staff members to explain and discuss matters of general interest with regard to child/school, child/home, or child/school/home relationships; and
4. Meetings of staff members and groups of parent(s) or legal guardian(s) of those pupils having special abilities, disabilities, needs, or problems.

For the benefit of children, the Board believes that parent(s) or legal guardian(s) have a responsibility to encourage their child's career in school by:

1. Supporting the schools in requiring that the children observe all schools rules and regulations, and by accepting their own responsibility for children's willful in-school behavior;
2. Sending children to school with proper attention to their health, personal cleanliness, and dress;

3. Maintaining an active interest in the pupil's daily work and making it possible for the pupil to complete assigned homework through providing a quiet place and suitable conditions for study;
4. Reading all communications from the school, and signing and returning them promptly when required; and
5. Cooperating with the school in attending conferences set up for the exchange of information on the child's progress in school.

Adopted: May 26, 2009

## 9210 PARENT ORGANIZATIONS

The Board will encourage the work of a general, voluntary, school-connected organization of parent(s) or legal guardian(s), school staff, and friends of the school in each school. Such organizations may not establish educational policy, participate in the administration of the school, or authorize management and direction of school affairs.

Such organizations shall have as their objectives the promotion of pupil welfare; the development of close relationships between the home and the school; and the development between educators and the public of such united efforts as will secure for every pupil in the schools the best kind of educational program possible.

Organizations shall not use the district's name in their titles without the Board's express consent. Such permission to use the district's name does not constitute permission to act as the district's representative.

The Board shall make it a practice not to interfere in the internal workings of such groups.

Permission to hold regular meetings of such associations in school facilities will be extended by the Board of Education for a particular school year, in accordance with Board policy.

The Building Principal or another professional staff member designated by the Principal may serve as adviser to the general parent/teacher organization. All members of the professional staff shall be encouraged to join the organization and to participate in its activities.

Adopted: May 26, 2009

## 9230 PARENTAL RESPONSIBILITIES

The Board believes that the education of children is a joint responsibility, one it shares with the parent(s) or legal guardian(s) and the school community. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained and parental involvement in district concerns encouraged.

The Board recognizes the vital role of parent(s) or legal guardian(s) in the welfare and education of their children and the pivotal part they play in shaping character and values. Because parent(s) or legal guardian(s) are familiar with the needs, problems, gifts, and abilities of their children, staff should seek to involve parent(s) or legal guardian(s) as much as possible in the planning of the individual program. Parent(s) or legal guardian(s) must, by law, be included in the development of certain educational programs for their children.

Parent(s) or legal guardian(s) are requested to keep the school apprised of changes in factors in the home situation which may affect pupil conduct or performance. Parent(s) or legal guardian(s) are specifically requested to inform the school of any changes in legal custody of the child.

Parent(s) or legal guardian(s) are responsible for their child's punctuality, attendance, cleanliness, and propriety of dress.

The Superintendent shall develop procedures and regulations to implement this policy. These regulations shall include use of the parent(s) or legal guardian(s)' native language when necessary.

Adopted: May 26, 2009

## 9240 RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a pupil enrolled in this district possesses full parental rights of access to the pupil and to information about the pupil, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by federal and state law, shall have access to records and information pertaining to his/her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to his/her child's records.

N.J.A.C. 6A:14-1.3; 6A:14-2.9; 6A:32-7.1; 6A:32-7.5

Adopted: May 26, 2009

## 9260 PARENTAL LIABILITY FOR VANDALISM

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of pupils and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board shall bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage.

N.J.S.A. 18A:37-3

Adopted: May 26, 2009

## 9270 HOME SCHOOLING AND EQUIVALENT EDUCATION OUTSIDE THE SCHOOLS

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that parents have a constitutional right to choose the type and character of education they feel is best suited for their children, be it secular or sectarian. Home schooling is an option that parent(s) or legal guardian(s) may choose to educate their children. When parents choose this option the program will be carried out in the pupil's home rather than the school.

In the event a child is receiving an education outside the district schools, the Superintendent may report to the appropriate municipal authorities children whom he/she has reason to believe are not offered instruction outside the schools equivalent to that offered in the public schools for children of similar ages or attainments. If the Superintendent makes such report, the parent(s) or legal guardian(s) of a pupil receiving instruction elsewhere other than school may notify the Superintendent of their child's educational program status and provide sufficient information to satisfy the district that equivalent instruction is being offered.

The parent(s) or legal guardian(s) or other person having charge and control of a child between the ages of six and sixteen, who shall fail to comply with any of the compulsory education provisions of N.J.S.A. 18A:38 et seq. relating to his/her duties, shall be deemed to be a disorderly person and shall be subject to a fine.

If a child seeks admission to this school district from a program of home schooling, the school district will evaluate the work of the child to determine his/her appropriate grade placement. The Superintendent or designee will objectively evaluate the child's skill and achievement levels, as it would with any transfer pupil, before making a determination as to the acceptability of credits and/or the appropriate grade level placement.

## 9280 PARENT CONFERENCES

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about pupils and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the pupil's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the pupil. The parent(s) or legal guardian(s) of the pupil may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Principal of that intention no later than five working days in advance of the conference in order that the Superintendent may secure such legal representation as he/she may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the pupil's educational progress and information relating to that progress. Any person present may make and preserve notes, for his/her benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

## 9320 COOPERATION WITH LAW ENFORCEMENT AGENCIES

The Board of Education acknowledges the law compelling school attendance vests in the Board a custodial responsibility for the children in its charge and a duty to protect those children from persons not associated with the school district.

The Board further recognizes that its interest in helping children understand and respect the law is best served by a close and cooperative relationship with local law enforcement. The Board adopts Policy and Regulation 9320 in accordance with N.J.A.C. 6A:16-6.1 et seq. to ensure cooperation between school staff and law enforcement officials in all matters relating to the unlawful possession, distribution and disposition of controlled dangerous substances, as defined in N.J.S.A. 24:21-2, including anabolic steroids, drug paraphernalia, alcoholic beverages and/or firearms as defined in subsection f. of N.J.S.A. 2C:39-1.(f); and other deadly weapons as defined in N.J.S.A. 2C:39-1.(r) and in the planning and conduct of law enforcement activities and operations occurring on school property, including arrest procedures and undercover school operations. The Board directs the Superintendent to institute a program of such communication and cooperation.

Policy and Regulation 9320, as adopted by the Board, will be submitted for approval to the County Superintendent of Schools in accordance with N.J.A.C. 6A:16-6.2(a)2.

Policy and Regulation 9320 have been developed and approved by the Board to protect the interests of pupils and serve the legitimate needs of law enforcement in accordance with N.J.A.C. 6A:16-6.1 et seq.

## 9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General's Office and will work cooperatively with the County Prosecutor's Office and the Point Pleasant Borough Police Department regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan's Law).

The Megan's Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

### Definitions

- A. Tier One offenders encompass those that are a "low risk of re-offense", thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
- B. Tier Two offenders encompass those who are a "moderate risk of re-offense", thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
- C. Tier Three offenders encompass those who are a "high risk of re-offense" in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor's Office to be moderate or high in accordance with the law, the County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a

school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor's Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event the school district is notified a pupil is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

The County Prosecutor's Office will be asked to provide guidance to the school district staff members. The Board of Education, working in conjunction with the County Prosecutor's Office and/or a local law enforcement office, will hold meetings and other educational programs at a particular school for staff regarding the safeguarding of the school district's children. There will be a strong emphasis on providing pertinent information, constructive knowledge and guidance to the community, as well as advice concerning the consequences of vigilante activity.

The Building Principal of each school notified by the Prosecutor's Office will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Principal shall only notify school appropriate district staff of Tier Two or Tier Three notifications and not to provide notification to the community at large. Guidance to the school district in providing this information to staff members will be obtainable from the County Prosecutor's Office.

He/she shall be readily available to media representatives, provide media representatives with all appropriate and necessary information, suggest or supply feature articles or stories, prepare "press kits," assist school and parent organizations with press relations, meet periodically with media representatives, and protect school personnel from any unnecessary demands on their time by news media representatives.

Photographs, video or digital images of children placed in the district by DYFS shall not be published without the permission of the Division case worker. Where the release of a photograph may violate the privacy of a pupil or staff member, the Superintendent and/or designee must first secure the written permission of the staff member or the pupil's parent(s) or legal guardian(s).

## 9541 STUDENT TEACHERS/INTERNS

The Board of Education encourages cooperation with the state colleges and universities in the education of teachers, because the public school offers an experience essential to their training, interaction with pupils and teachers at work in the classroom. Accordingly, the schools of this district will accept students from accredited institutions of higher learning as junior or senior student teachers/interns.

The Board retains the right to approve the selection of all student teachers/interns.

Student teachers/interns shall be selected and assigned by the Superintendent. The Superintendent shall assign student teachers/interns throughout the district in a manner that assures that no single group of pupils will be subject to excessive student teacher/intern classroom hours.

Student teachers/intern shall comply with the health examination required by rules of the State Board of Education and that required for teaching staff members by this Board. Every student teacher accepted by this Board must present the written notification of the Commissioner of Education that the applicant qualifies for employment after a criminal history record check.

A written application for approval must state the purpose of the research, the specific ways in which pupils will be involved, the estimated duration of the project, the persons who will conduct the research project and their relevant affiliations, and any possible benefits to pupils or to the school district. Parent(s) or legal guardian(s) will be informed of any educational research project that involves their children and may request the removal of their children from the project.

The conduct of research activities must rigorously protect pupils' privacy. Approved researchers may be given access to pupil records in accordance with rules of the State Board of Education and Board Policy No. 8330, but shall not abuse this privilege by using information in any way that may embarrass or harm individual pupils or their families. The Board must be satisfied that strict standards of anonymity and confidentiality will be observed.
