DATE / TIME Indoor DATE / TIME Indoor DATE / TIME Indoor

Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available: (Orthene) ACEPHATE is a Cholinesterase Inhibitor. Harmful if swallowed or absorbed through the skin. Avoid inhaling dust. Avoid contact with eyes, skin and clothing. Do not contaminate feed or food stuff. (ExiteR) Symptoms of Acute Exposure: Ingestion: May cause gastrointestinal effects, such as nausea, cramps, vomiting and diarrhea. Ingestion of large quantities can result in nervous system effects, such as dizziness, loss of coordination, tremors, and loss of consciousness. Symptoms usually regress with no long lasting effects. At high oral doses, the type of solvent in this product has caused irreversible damage to the liver and kidney (male only) in rats. These effects are not relevant to humans at occupational levels of exposure. Eyes: May cause temporary eye irritation. Skin: May be irritating to skin. Repeated contact may cause dermatitis. Inhalation: May cause nasal and respiratory irritation at high concentrations. Medical Conditions Generally Aggravated by Exposure: None known.

Pesticide product label instructions and precautions related to Public Safety. Note: as required by law, we are advising you of the following statement: (Orthene PCO Pellets): Harmful if swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing dust, sprays or vapors. Wash thoroughly with soap and water after handling. Remove and launder contaminated clothing before reuse. Do not allow children or pets to come into contact with treated surfaces until sprays have dried. (ExiteR) Harmful if swallowed or inhaled. Causes eye irritation. Avoid breathing spray mist. Avoid contact with eyes. Wear protective clothing. Wash skin thoroughly

with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. (PI Contact)EXTREMELY FLAMMABLE.KEEP OUT OF REACH OF CHILDREN. KEEP OUT OF REACH OF DOMESTIC ANIMALS.HARMFUL IF ABSORBED THROUGH SKIN. Avoid contact with the skin, eyes and clothing. Wash thoroughly after handling. Aerosol container contains flammable gas under pressure

The Office of Pesticide Programs of the United States Environmental Protection Agency has stated:

“Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure.”

REMEMBER: Whenever a non-low impact pesticide is used on school property there is also a Restricted Entry Interval (REI) that begins when the pesticide application ends. This Restricted Entry Interval last for seven hours unless the product label uses NUMERIC LANGUAGE, e.g., 4hours or 12 hours; directing a longer or shorter period of time. If the product label does not discuss Restricted Entry the period of time defaults to seven (7) hours.
